Dear Mr. Hudson,

Please find enclosed a petition signed by residents of Silverdale Drive and Lowther Park.

We are extremely concerned about the possible effect of the development that is being proposed off Castle Green Lane on us and on the Stock Beck Flood Alleviation Scheme.

Yours sincerely,

R121M - LOWTHER PARK and SILVERDALE DRIVE

We, the residents of Lowther Park and Silverdale Drive, are very concerned to discover that South Lakeland District Council are considering housing development on a large site higher up the fell (R121M).

This area suffered considerable flooding in January 1999, which caused some of us great hardship, inconvenience and expense, and must have caused great embarrassment to the council, as the flooding featured in the national news over a number of years.

A great amount of time and public money was spent on the Stock Beck Flood Alleviation Scheme, and we cannot understand how you can contemplate compromising the scheme and risking the possibility of our being flooded again.
