Comments about suggested site allocations

(and other map designations)

Please use this form to comment on emerging options and other sites as they appear on the settlement maps. **Please complete one of these sheets for every response you make.**

Which site or allocation do you wish to comment on?			
Settlement (e.g. Natland)	Map Number (e.g. 11)	Site reference number (e.g. R62)	Other designation – If you want to comment on something that doesn't have a site reference (e.g. development boundary, town centre boundary, green gap) please describe it here
Endmoor	8	M41M	

Do you support, oppose or support in part the suggested allocation or designation? (delete as appropriate)

I do support in part **the suggested site allocation/designation for the following use(s)**
 Housing/employment/retail/community uses/open space/
 other (specify).....

Please explain your reasons (continue on a separate sheet/expand box if necessary)

I feel the development of this site to be a natural progression of the village. It is a fairly level site and accessible from the existing Sycamore Close development. I do have a concern about the level of housing proposed for Endmoor, which I understand could be a maximum of 140 houses if all three sites are developed. If such a huge development were to be built quickly, the village would be overwhelmed and the community balance that Endmoor currently enjoys would be lost. Endmoor is a community that has evolved slowly over more than 100 years and may families have lived here for generations and the village has a strong community spirit.

I am strongly opposed to the commercial/industrial element proposed for this site as there are already many alternative commercial/industrial sites surrounding Endmoor that are not currently full to capacity eg Summerlands, Gatebeck and the new Moss End development at J36, therefore I do not see the need for more, plus the proposed position of the commercial/industrial area is right next to the A65 and would be highly visible on the approach to Endmoor and not in keeping with the current aesthetic of the village.
