Query/comment	<p>Ref Allithwaite Map No 31.Site R343M. We do not support the suggested allocation.</p> <p>It does not seem necessary to increase the properties in this area.Access to the site is unclear whether through Greendales or Underfell/Fellside or Wartbarrow Lane none of these is suitable for more traffic they were designed for the existing housing not for thru'roads.Wartbarrow Lane is completely unsuitable as it is little more than a one lane road built for farm traffic. Church Rd is also completely inadequate for existing traffic still less adding to it. At weekends and during school start and exit times the Rd is a one way access only due to parked cars. It is an obstacle course weaving in and out of vacant spaces to allow oncoming traffic thro'.There will be a serious accident here before long without increasing the amount of traffic. There is also the question of adequate provision of sewerage and the other amenities such as Gas/Electricity and other services for the proposed increase in demand. We are definitely against further development in this area until all these matters are addressed satisfactorily</p>
