# Comments about suggested site allocations (and other map designations)

Please use this form to comment on emerging options and other sites as they appear on the settlement maps. **Please complete one of these sheets for every response you make.**

<b>Which site or allocation do you wish to comment on?</b>			
<b>Settlement</b> (e.g. Natland)	<b>Map Number</b> (e.g. 11)	<b>Site reference number</b> (e.g. R62)	<b>Other designation</b> – If you want to comment on something that doesn't have a site reference (e.g. development boundary, town centre boundary, green gap) please describe it here
Storth		M683SM includes EN27, RN188, EN 40	
<b>Do you support, oppose or support in part the suggested allocation or designation?</b> (delete as appropriate)			
We support / <b>the suggested</b> site allocation/designation <b>for the following use(s)</b> Housing			
<b>Please explain your reasons</b> (continue on a separate sheet/expand box if necessary)			
<p><b>This area is currently an unattractive site and a change to affordable housing would benefit Storth/Sandside in many ways.</b></p> <p><b>The area would be cleaned up and become a much more usable part of the community. If the road, commonly known as the Quarry Road, was improved and a footpath and street lighting added, as would be required for any development, it would vastly improve how villagers could access all the buildings along this road, such as the Kingfisher Restaurant, etc. without having to walk down the main road where there is no footpath. In summer, and particularly in winter, this is a dangerous road to walk down and we think presents considerable safety issues.</b></p> <p><b>A housing development on this site would obviously benefit Storth and Sandside as more people in the area would help to secure the future of the school, shop and post office.</b></p> <p><b>A development in this area would help to enhance a presently unattractive area and we don't think have any adverse effect on the character of the village or the area.</b></p>
