BOWSTON	16	R664	

Do you support, oppose or support in part the suggested allocation or designation? (delete as appropriate)

I ~~support~~ /do not support /~~support in part~~ the suggested site allocation/designation for the following use(s) Housing/employment/retail/community uses/open space/ other (specify).....

Please explain your reasons (continue on a separate sheet/expand box if necessary)

BOWSTON R664.

Increase of traffic through Bowston & Winter lane, this is a busy cycle route and can be dangerous even now as its used as a rat run from the A591 through to town.

The sewage system will be inadequate causing problems in the river Kent.

Did you know the field R664 turns into a lake after a wet spell.

Unnecessary destruction of a beautiful little meadow that could lead to a loss of habitat for wild life

I would like to see shabby & empty flats above Kendal high street for instance re furnished to make good homes and at the same time tidy up the main street that's looking very run down and not a good image for visitors or business investors

Yours sincerely
