Draft Development Plan Document (DPD) Consultation

Consultation Response Form

Please use this form to comment on the Draft AONB DPD, the Draft SA Report and Draft Habitats Regulations Report.

Please make very clear which policy or site proposal each of your comments relates to (including policy or site reference numbers):

Having looked at the draft AONB DPD, the accompanying maps, and attended the drop-in session, I would like to congratulate the authors of the DPD, and all those who have worked on the document, for the sensitive way you have come up with proposals taking in to account the AONB's special character & the comments & suggestions received so far.

Sites B79 + B116: I am very glad that these have now been designated "Key Settlement Landscape" to maintain the "Green Corridor" & views of this part of Storth; enjoyed by locals, dog walkers & many hikers from further afield. It would have been a real tragedy if these 2 areas were to be designated as possible housing areas.

Also the area east of B79 + B116 & west of Fell End might also be included in the "Key Settlement Landscape" designation.

(Continue on a separate sheet if required)

Are there any other topics or issues that you wish to raise?

Sites : B81, B35 and B81

If these are developed as mixed light industry, business and housing; Then I hope the housing segment will be 50% affordable housing so that local Young People can live and work in the area; and not have either no chance of their own home or long journeys to work from cheaper areas miles away.

(Continue on a separate sheet if required)

Do you have any comments to make on the Draft Sustainability Appraisal Report or Habitats Regulations Report associated with the Draft DPD?

(Continue on a separate sheet if required)

Thank you for your views and suggestions.
