Subject: Land Allocation Milnthorpe

Thankyou for your letter Ref DH/60.12.43 on land allocation in Milnthorpe for housing. My concern is specifically with area RN57M and R93 which are set aside for housing.

In principle i have no objections to housing being built on either of these sites. My concern is with how you propose to access these sites in terms of traffic.

The current road up to St Anthonys Hill is neither wide enough for constant two way traffis nor is it suitable because of the gradients involved. This has been highlighted particularly so far this winter with the hill having to be cleared of snow on several occasions.

Perhaps you tell me how you do in fact propose to access these sites if development goes ahead.

Yours Sincerely,
David.J.Poole.
