Subject: Re: Housing Development Proposals in Heversham

Dear Sirs

I have lived in Heversham since 1999. I note that our local Parish Council have recommended to you (SLDC) for a development of 40 low cost housing.

Where do these residents walk to grab a pint of milk or to a post office to buy stamps or pay car tax, they cannot as these facilities closed some time ago and will never reappear again. 40 houses could mean 80 extra cars in a village that does not have the infrastructure to cope with 40 extra residents and their vehicles. Look at your 1990 planning application for site RN118M.

However the rejected site for Booths in Milnthorpe with all the facilities on their doorstep is an excellent site.

Yours sincerely

Karen Rushton
