Dear Sir.

I am writing to express my concern over the proposed development of 147 dwellings off Oak Tree Road & Rowan Tree Crescent and the area thereabout.

The width of the roads on Oak Tree Road and Rowan Tree Crescent are narrow. The particular roads were built to serve the residents thereon and it is absurd to even consider opening them up to allow more traffic. Speaking of traffic, in this day and age each household owns one or even two cars. Multiply 147 houses by 2 cars, and what

LE1029

2/ have you got? An amount of 294 vehicles in this area, additional to the vehicles which already clog up the roads leading into town i.e. Sandford Road and Castle Street.

RESOURCES

So many vehicles is not good for the environment.

Kendal can only accommodate so many people. It is full to capacity, and green fields should be left as they are for Kendalians to enjoy.

Take a look at the Property Guide (obtainable from Estate Agents). There are any amount of houses for sale in Kendal without adding to them by building more.

The town of Kendal is O.K. as it is. Please do not spoil it.
Yours sincerely.
