# Comments about suggested site allocations (and other map designations)

17 APR 2011  
RECEPTION

Please use this form to comment on emerging options and other sites as they appear on the settlement maps. Please complete one of these sheets for every response you make.

Which site or allocation do you wish to comment on?			
Settlement (e.g. Natland)	Map Number (e.g. 11)	Site reference number (e.g. R62)	Other designation - If you want to comment on something that doesn't have a site reference (e.g. development boundary, town centre boundary, green gap) please describe it here
UKERSTON SOUTH PRIORITY RD WESTEND LANE		R 692 UKUM	
	35	R 692 UKUM	

Do you support, oppose or support in part the suggested allocation or designation? (delete as appropriate)

~~I support~~ /do not support /support in part the suggested site allocation/designation for the following use(s) Housing/employment/retail/community uses/open space/ other (specify).....

Please explain your reasons (continue on a separate sheet/expand box if necessary)

I do not support, the field facing my home floods, have had to inform animal welfare re horses have sleep in water and flooded road, every rain fall, dangerous road, bad bend, bad surface. speeding traffic will create havoc, cars emerging from both, social club, works from Blaxo, and. Oakwood drive you say. you chose Ukerston South as no views of any merit, I disagree. the views are magnificent, sunrise outstanding. Lake district mountains. What about noise vibration? it is bad now. pollution from traffic, drains unable to cope. dont, now I do not think visitors will appreciate housing estates. on Coast Rd. and what about employment? sites may be available, but what, and who? schools? increased pressure on doctors and shops what shops? also wild life I have had red squirrels fox, etc in garden. owls Heron. No we do not want more houses. and what about the environment? visitors, this is creating a overspill. that is not needed.

Sir , , Re proposed development West end lane Priory Road , I strongly oppose , this is a green belt between Croflands and bay , the housing need ,s are amply provided for on North site and no need for more , It would create havoc on a already dangerous stretch of road . I have witnessed many accidents in the thirty years I have been here , also the field is flooded in winter and rain . also road , vibration from traffic since gas field horrendous , I also think it should have been tackled , it is also a coastal route ? We are trying to promote visitors to a place of outstanding beauty, and you are trying to turn it into a urban overspill , ? what about the visitors to the caravan site ? And their business ?you say we ,and surrounding villages need the avordable houses , ?? and prospect of higher wages ?? where ???

all the industry have left , oh , you say land will be provided for /, what ? Mm perhaps it would have been better to provide first .

You say you chose this site , because it did not have any views , of interest , ? I beg to differ , have you stopped and looked at the sunrise, the rolling hills the mist rolling in from the sea , the trees changing color as the seasons pass . The call of the Cuckoo in spring wag tails Heron , owl,s hooting ,seagulls swooping and calling , THE OCASIONAL RED SQUIREL, fox , no , beauty is in the eye of the beholder , and my eye does not see it in a housing estate that is not needed, we have pages off houses to rent and buy in local newspaper weekly , at the moment as I write this I see cattle basking in the sun white house nestled in the hollow,s think again , please ,
