

SOUTH LAKELAND  
DISTRICT COUNCIL  
RECEIVED

15 APR 2011

13.04.2011.

Dear Sir,

REVS & BENS

I wish to register my deep concern about the proposed site development between Helsington Laithes & Lumley Road.

In particular how will the site be accessed? Because increased traffic flow on to the A6 road will result in lengthy queues and long delays in entering and exiting Kendal. Ambulance services to and from Lancaster use this road for motorway access and potentially would experience even more severe 'hold-ups'.

The suggestion of 141 properties on this site would seem wholly inappropriate on what is a field of 5 acres. It would result in a serious loss of character in terms of the 'Gateway to the Lakes'.

I hope you will regard my observations as constructive/helpful, and will decide to adjust/abandon the plans accordingly.

Yours faithfully
