Query/comment	<p>I totally agree with what Mr Teesdale has expressed in his letter dated 21st march.</p> <p>The volume of traffic to hit cross-a-moor lane if more houses were to be built on this side of the A590 is totally beyond belief,Which employee out of your planning department picked RN109M and not R686SW? I understand there has to be houses built, but let common sense prevail.</p> <p>There is a bottleneck at number 20 cross-a-moor? and it takes just one car to parkup doing a delivery and the road comes to a standstill, even worse at school times or for the nursery at pennington memorial hall?</p> <p>There is also a problem with water pressure around these part's? Has i have had the water board look into it but nothing ever changes.</p>
